SUMMARY

Web developer from Southern California with a passion for eloquent code and creative problem-solving. Strong communicator and resourceful team member. Backed with 6+ years of professional management experience focused around operations and customer service.

PROFESSIONAL EXPERIENCE

Software Development Intern, The 5th Ingredient
San Diego, CA November 2019-December 2019

- Develop features for a full-stack PHP web application

Instructor - Jumpstart Weekend, LEARN Academy
San Diego, CA September 2019-present

- Weekend-long fundamental HTML, CSS, and JavaScript course for groups of 10+ prospective and future LEARN students
- Introduces the concept of pair programming along with the benefits it lends to well-written code
- Students go home with deployed, functioning apps built from scratch

Software Development Intern, Q-Centrix
San Diego, CA August 2019-October 2019

- Built out specs testing hundreds of lines of code for a variety of features including: import and export functionality, form edges, calculations, and extractions of data for a Ruby on Rails tool
- Attended weekly Q-niversity lessons on Computer Science and Dev Ops
- Gained experience with Agile processes, bi-weekly sprint planning, peer review, and story grooming

Web Developer, LEARN Academy
San Diego, CA June 2019-August 2019

- Completed 480 + hours of direct coding experience in an intensive web development bootcamp
- Gained proficiency in building JavaScript, Ruby, and React applications
- Practiced test-driven development to produce full-stack Ruby on Rails applications complete with databases
- Utilized effective communication and cooperation through pair and mob programming projects with teammates

Assistant Manager, Vans
San Diego, CA June 2016-February 2019

- Promoted from Floor Supervisor to Assistant Manager after 5 months; managed 20+ team members
- Led Otay Ranch store location without a store manager and brought in over \$1.5M in revenue in 2017, beating all historical sales records
- Collaborated with company leadership to curate training plans for developing team members at all experience levels.

EDUCATION

Udemy Coursework 2019

- The Modern React Bootcamp (Hooks, Context, NextJS, Router)
- The Web Developer Bootcamp
